January, 2017

Dear Club Partners:

I want to thank all the clubs which U.S. Icewear have developed a warm partnership this past year. As we enter 2017 the challenges facing our sport have never been greater. The importance of helping your club membership and maintaining the high level of support has reached a defining moment. We at U.S. Icewear pledge our continued support to our skating club partners in helping them in maintaining and expanding their clientele.

For 2017 we are introducing new designs that will complement our current line. Instead of the traditional metal hook and eye closure, we are using a fastener offering more flexibility with a formed shaped toe-cover over the toe of the skate. The elastic in the waist is also weaved into the waist band offering greater comfort. These thoughts are currently in production and will be available shortly. Watch for further details. In addition, ordering is being streamlined. Order forms made now be downloaded from the U.S. Icewear website.

Despite the challenges facing us, we at U.S. Icewear look forward to another successful year in our beloved sport.

*Re: Funding Raising Opportunity Follow-up – Gold Medal Partnership*

*As a result of the many conversations we've had with club representatives, we've developed a process and a couple of short forms that would make fund raising a seamless and fun activity.*

*As a Gold Medal Partner with your organization we would appreciate it if you would, when the opportunity arise, publicize US Icewear's partnership with your skating organization in your print media.*

*Susy*
